**SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT**

Sir:

The Examiner is respectfully requested to consider the references, copies enclosed, which may qualify as prior art. For the Examiner's convenience, the references are listed on the attached form prepared by Applicants; this form is generally based on Patent and Trademark Office form PTO/SB/08a, but is not a USPTO form. Copies of four foreign patent documents are enclosed herewith.

This information is cited in a spirit of forthrightness and cooperation to enable the applicants to obtain that measure of protection for the invention to which there is entitlement. However, no representation is made that the listed art actually qualifies as prior art under the patent statute and the mere use of any accompanying form, whether such form is generated by Applicant or is a USPTO form, is not an admission that all listed references are prior art. No representation is made that applicants know of the best art.

Several of the Japanese Patents listed on attached form based on Patent and Trademark Office form PTO/SB/08a, are provided in Japanese. Applicants are not in possession of English translations of these references, but have provided English abstracts in our possession. These references are considered relevant due to their citation in a Japanese Official Action pertaining to a counterpart foreign application

It is believed that this submission does not require the payment of a fee. Each of the references listed on the attached form was first cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this Information Disclosure Statement. If this is not correct, please charge any required fee to deposit account no. 07-1969.

Respectfully submitted,

/Tamala R. Jonas Reg. No. 47,688/
